EPPS6356 Data Visualization

Assignment 1

Ground rules:
All assigned works are to be published on own GitHub website/blog.

1. Revisit Anscombe's examples (anscombe01.R on Teams)
   a. Read: Anscombe, Francis J. 1973."Graphs in statistical analysis." *The American Statistician* 27, no. 1: 17-21.
   b. Write one paragraph to analyze and suggest solutions.
2. Run Fall.R (on Teams)
   a. Give your own colors (e.g. Winter).
   b. Export the file and post on your GitHub website.
3. Write a critique on a chart in published work (book/article/news website)
   (Hint: Learn from Nathan Yau's example discussed in class). Post on your website.
